Core Skills

- Software & tools
- Flexibility
- Organisation
- Planning

Professional Profile

As an enthusiastic and innovative junior software developer with specific experience in C# and .NET framework, including working with WinForms and PostgreSQL database. I possess a deep technical knowledge across IT systems including hardware, software, networking, and security, alongside confidently delivering support solutions that ensure optimal levels of IT. My aim is to further develop my professional knowledge and technical skills by studying Software Engineering at SDU in Denmark, where I anticipate that my passion for technology and commitment to software development will contribute to my academic and professional growth.

Education

- **Diploma** | Gymnázium duklianských hrdinov | Sep 2016 - Jun 2020

Career Summary

Aug 2022 - Sep 2022

Gazelle, Netherlands
